

Rolls-Royce

GMA-Werkstoffprüfung GmbH

Prüfzentrum Düsseldorf
Industriepark, Geb.20
Hansaallee 321
D-40549 Düsseldorf

Dear Mr **Daniel Ziemba**,

I am pleased to confirm that **GMA-Werkstoffprüfung GmbH** have the capability of processing parts to the following specifications:

WP1076 – 'Radiographic Inspection'

WP1077 – 'Digital Radiographic Inspection'

This certificate acts as an authorisation to carry out the above processes for and on behalf of the Rolls-Royce plc Control Systems and should be held on file for reference. This certificate is a confirmation of **GMA-Werkstoffprüfung GmbH** registration as an approved processor **7GMA110** as defined by ES-32-615 'Register of Approved Processors'.

Compliance to WP1076 and WP1077 shall be maintained by the approved processor NDT Responsible Level 3.

Approval 09/2018 is provided with a condition of maintenance and sustainment of Nadcap approval for X-Ray, film and filmless techniques.

Yours sincerely,

29/11/2018

Grzegorz Wryk *CQP MCQI*

Rolls-Royce plc Control Systems Responsible NDT Level 3
